

BIG IDEA: My Faith Grows Deeper When I Use My Gifts!

BIBLE LESSON: Luke/John – Jesus Feeds the Multitude

GAME: Trivia Maker – Moses Leads the Israelites out of Egypt (Day 1 Review)

CRAFT: Snack Basket

Materials:

- 2 Paper Plates
(cheaper the better)
- Scissors
- Brown Crayon
- Tape or Stapler
- Snacks
(Goldfish and Wheat Thins)
- Marker

Instructions:

1. Put the 2 plates together and cut out HALF of the center circle.
2. Remove the Crayon paper from the brown crayon and lay it onto the plate.
3. Use a textured area (basket, carpet, woven place mat) and shade in the plate. (Be sure to use the side of the brown crayon.) When sandwiched together, a pouch is created to carry things in.
4. With a crayon or marker -markers works best - on one of the plates, write, "When Jesus feeds me"
5. On the second plate, write "My gifts grow"
6. Once both Plates are covered with the texture crayon, staple (tape) along the bottom half of the basket. (NOTE: Close only to the opening of the basket.)
7. Fill the basket with "fish" (goldfish) and "loaves of Bread" (Wheat Thins).

PARENTAL TIP: Make Jesus come to life!! Allow your student to place 2 "fish" and 5 "loaves of bread" in their basket. Before they begin to eat their snack, have them exit the room (be creative/use your imagination) and YOU make them multiply by adding more "fish" and "loaves". Watch them light up with excitement!

EVANGELISM TIP: Have your child make a snack basket for neighbors or loved ones and allow them to "SHARE" their food like the young boy in our lesson!
